Those Darn Weeds!

What starts out as harmless greenery in the spring soon turns into a forest of weeds, dandelions, and noxious vegetation in the summer. Consequently, the City of Casper would like to remind property owners/tenants (**commercial** and **residential**) that your property, which includes the abutting alleys and sidewalk/parkway areas, must be maintained free of weeds, dandelions, and other noxious vegetation that are in excess of 8 inches in height. The City of Casper will notify you only one time in any calendar year of a weed violation, and the property owner/tenant has 10 days to remove the violation. If the violation is not removed or other arrangements made, the City can either mow the property and assess the costs to the property owner/tenant, or file a complaint through Municipal Court for noncompliance of the City Ordinance.

So, let's all pitch in to keep our properties, abutting alleys, and sidewalk/parkway areas free and clear of weeds and noxious vegetation. A little effort goes a long way towards ensuring that our neighborhoods are a cleaner and safer place to live, work, and play. If you have any questions, or would like to report a "weed" violation, contact the Code Enforcement Department at 235-8254 or visit our website at www.casperwy.gov.
